The Mayor is still confined to his room, and no Court yesterday.

Greeley stock has gone up 33⅓ per cent. since the glorious news from Georgia.

A fine double barrel gun at Pink Hardie's tobacco store to be raffled off. Go and see it.

The Rads didn't expect anything more from Georgia than a Democratic victory. Oh! no, of course not.

A GAIN of three votes in each Township will overcome Caldwell's reported majority.

The Hook and Ladder Company will meet to night to complete arrangements for the approaching Firemen's visit to this city.

D. A. Jenkins, State Treasurer, John Riley, of Fayetteville, so-called State Auditor elect, and Henderson Adams, present State Auditor, are at the National.

COMMITTEEMEN who do not attend the meetings of their bodies should resign so that their places may be filled with those who *will act*.

THE PRESIDENTIAL ELECTION LAW.—We learn that Dr. Menninger, Secretary of State, in the absence of any special law, bearing upon the Presidential election, has deemed it advisable to obtain the views of prominent legal gentlemen of both political parties with a view of obtaining uniformity of action in election returns, at the several precincts throughout the State. In the opinion of these gentlemen the 3rd Section of Chapter 45 Laws of 1868 is still in force, to wit:

"This election shall be conducted and the returns made as nearly as may be directed in relation to election of State officers and representatives in Congress, except as herein otherwise expressed."

In this view the law of 1872, chapter 185, is applicable to the election as far as may be. Dates which in this law are designated for the State election should be approximated in the ensuing one; Registration should begin at once in accordance with sections 6, 7 and 8 of the Act of 1872.

RALEIGH AND THE WESTERN TRADE.—Under the head of "RALEIGH" the Hickory Tavern *Eagle* says: "It is a fact not generally known that Hickory Tavern supplies that market to a great extent, with chickens, eggs, butter, green apples, cabbage, chestnuts, &c.—And with a little energy on the part of the Raleigh merchants they would control this entire trade. Think of fine, large mountain cabbage at 1½ to 1¾ cts. per pound; grown chickens at 12½ to 15 cents, fine, large apples at 50 to 60 cents per bushel; eggs at 10 to 12½ per dozen, and so on. The trouble at present is, that we don't know each other The Raleigh merchants don't know our prices and resources. How are they to find out? Why, of course, subscribe for, and advertise in, the *Eagle*. In this way you will not only become acquainted with Hickory, but the whole of Western North Carolina. The Hickory merchants must advertise, and do it liberally. Suppose it does cost something, you can stand it.

ADJOURNED MEETING OF THE STOCKHOLDERS OF THE RALEIGH & GASTON RAILROAD.—In accordance with a motion passed at the regular annual meeting of the Stockholders in July last, an adjourned meeting of the Stockholders of the Raleigh & Gaston Railroad was held yesterday at the Company's office, in this city.

The Hon. B. F. Moore was called to the Chair, and Maj. W. W. Vass and Thomas Badger were requested to act as Secretaries.

Roll of Stockholders called, and —— shares were found to be represented in person, and —— by proxy.

Dr. W. J. Hawkins read a dispatch from Gen. Bradley T. Johnson and others, dated Henderson, asking the meeting to postpone action until the arrival of the train, which was delayed by an accident and could not reach the city before 1:30. Dr. Hawkins also stated that other Stockholders from the line of the Road were also on the same train.

Col. Walter Clark moved that the meeting proceed to business, as a large majority of stock was represented.

The President read a petition from a Committee of the Trustees of Wake Forest College, asking that the depot at Forestville be removed at the expense of said College to that place.

On motion it was referred to the President and Board of Directors, to take such action as to them may seem best.

Col. T. B. Venable offered a resolution that the stockholders accept the amendment to the charter as passed by the last Legislature.

Captain J. J. Davis moved that the meeting take a recess in order to allow time for the rrrival of the train with Gen. Johnson and other stockholders.

Col. Clark moved to lay the motion on the table.

Col. Clark and Capt. Davis withdrew their motions in regard to recess.

Mr. Gatling then moved to adjourn till 2 o'clock, p. m.

A stock vote was called by Colonel Clark and the motion to adjourn was lost.

Capt. Davis moved a recess until 2½ o'clock.

Col. Venable called a stock vote and the motion lost.

The Secretary then read the resolution to accept the amendment to the charter, offered by Col. Venable.

Mr. Moore spoke at some length in opposition to the resolution.

Messrs. Grice and Batchelor replied, advcating the adoption of the resolution.

Capt. Davis followed, endorsing the position of Mr. Moore, and vehemently opposed the resolution.

The vote was called and the resolutions were adopted by a vote of 4,902 for and 408 against.

An election was then held for President of the road, and Dr. W. J. Hawkins was *unanimously* elected.

Before the election of Directors, Col. T. B. Venable offered the resignation of Col. S. S. Royster and his declination to accept a re-election.

Maj. R. S. Tucker offered the following resolution:

In consideration of the long and valuable services of Colonel S. S. Royster, as a Director of this road, It is hereby resolved that the President of this road be empowered to tender him a complimentary pass for life over this road. Adopted.

A. M. McPheeters, Esq., also declined a re-election as Director, stating that under the amended charter, Norfolk, whose interests he had formerly represented could now elect her own citizens to represent her in the Directory.

The election of Directors resulted in the selection of the following gentlemen:

J B Batchelor, Esq, Colonel Walter Clark, Col George Little, P C Cameron, Esq, Major G W Grice and Captain W W Chamberlain.

On motion of Mr. J. B. Batchelor, the proceedings of the meeting was ordered to be left open till after the arrival of the train, that those on it might come in and record their vote pro and con, and make such remarks as they see fit.

The meeting then took a recess until 4 o'clock.

4 O'CLOCK.

The meeting was duly opened, and in accordance with the resolution of Mr. J. B. Batchelor, of the morning session.

Several stockholders came forward and recorded their votes, which did not materially change the result above reported.

On motion of Maj. Grice, the following Committee of Inspection were appointed for the ensuing year: Col. T. B. Venable, Hon. D. M. Barringer, Maj R. S. Tucker, A. M. McPheeters, Esq., and Maj. W. J. Baker.

Gen. Bradley T. Johnson and others offered a written protest against the action of the Stockholders in the morning session, accepting the amendment to the charter, and upon motion, the protest was spread upon the minutes.

Maj. G. W. Grice offered a resolution empowering the Directors of the Raleigh & Gaston Railroad, to issue bonds, &c, for extending the Raleigh & Augusta Air Line Road to a junction with the Wilmington, Charlotte & Rutherford Railroad.

After lengthy discussions participated in by Hon. B. F. Moore, Gen. Bradley T. Johnson and others, the resolution was adopted by a vote of 10,794 to 1,899.

On motion, the meeting adjourned *sine die*.

On motion, the Board adjourned to meet on 22nd instant.

THE MANUFACTURING INTERESTS OF RALEIGH.—We visited the immense establishment of Messrs. Betts, Allen & Co., House builders, Carpenters, &c., on Harrington Street.

We were pleased to observe in the building every species of machinery of the very latest and most improved patent, necessary for their large and constantly increasing trade, all of which are in constant operation, and propelled by a large and heavy engine, in which the fires never go down.

We saw planing machines, both for heavy and light planing; scroll saws for ornamental work; Moulding sash, and door machines; turning lathes; a tenoning and mortising machine; a blind wirer, for attaching staples to blinds, one of the most ingenious inventions of the age, and other machinery for various purposes.

This firm of practical mechanics, superintend all the branches of their business in person, and to this fact is attributable in a great measure, their success and reputation.

We were informed by Mr. Allen, that he had received orders, some of which were completed for houses in Granville, Warren, Halifax, Edgecombe, and even as far as Bertie, where the residences was put up in the shop, closely packed, shipped to the point at comparatively a light expense for freight.

With the advantages of their machinery, steam power, &c., they can in many cases sell buildings to farmers and and others at less expense to them than they could be sawed and built by hand work on the farm.

This firm gives constant employment to about forty hands, pay good wages promptly every week, and should their business continue to increase in the future as it has in the past, this manufactory will give employment to one hundred hands in a very short time.

RASH HASHANAH, OR THE JEWISH NEW YEAR.—Yesterday was the religious new year of the Israelites, and all places of business in the city owned by our Jewish citizens were closed.

This festival as well as that of the Atonement, which follows ten days later, is observed more generally than any other days in the Jewish calendar. In the large cities the synagogues are usually thronged with devout worshippers, and those who during the rest of the year pay very little attention to devotion will, on those days, at least, put on the semblance of piety and faithfully attend to all the outward acts of a religious life. Prayers are recited with trembling fervency, and the words of admonition and of encouragement uttered by the rabbis find a resting place in the open hearts and docile minds of the waiting congregations.—The New Year and the days that intervene to the Atonement are spent in heart-searchings and the performance of many spiritual acts which in some sense answer for penance, and which are designed to arouse the people to a sense of their accountability to God, and make way for the reconciliation of a sinless Creator and a sinning creature.

THE SPECIAL PREMIUM ON PRINTING.—We announced in our issue of yesterday, that the "*Star* Job Printing office goes for the Special Premium on Printing" We are authorized by parties in this city to say to Bro. Bernard and others who intend competing, that they will add $10 to the purse, if all will agree to do the same. Thus making it an item sure enough.

THREE CHEERS FOR GEORGIA!

AUGUSTA, GA., Oct. 3.

The election returns are coming in slowly. Partial returns from the following counties give Smith, Democrat, over fifteen thousand majority, viz: Barton, Bibb, Baldwin, Cobb, Catoosa, Clay, Blayton, Chatham, Dougherty, Floyd, Fulton, Gordon, Henry Lee, Lowndes, Monroe, Mitchell, Morgan, Muscogee, Murry, Pierce, Richmond, Spaulding, Sumter, Troupe, Terrell, Talbot, Whitfield, Wilkes, Warren. The official count of Chatham gives Democrats twenty nine hundred and forty majority. Republicans carried Decatur county by three hundred. North Georgia has gone Democratic. MIDNIGHT DISPATCHES.

More Money for North Carolina—Marshal Carrow at the Front—Beaufort good for Grant.

WASHINGTON, Oct. 3.

Congress at its last session established a United States Court for the Western District of North Carolina, but failed to make any provision for the appointment of the United States Marshal. There could be no court without a Marshal, and the Marshal of the Eastern District could not act because his jurisdiction is limited to the counties not embraced in the Western District, no grand or petit jury cold be summoned without Marshal, and no money could be drawn from the Treasury to pay the expenses of the Court in the absence of such an officer. To meet this unexpected emergency, Marshal Carrow is appointed a disbursing agent of the department of Justice, and under this appointment has just drawn from the Treasury twenty thousand dollars, to pay the expenses of the Court.

Negroes Swindled by Radicals.

SAVANNAH, GA., October 3.

This swindling deprived a large number of negroes of their votes, which caused great indignation among them. They also collected money from the negroes to pay poll taxes and kept it, giving the same bogus receipts.

SPECIAL NOTICES.

KEEP THE HAIR UNBESPRINKLED.—"I am like an old hemlock—withered at the top," said a venerable Indian Chief, pointing to his thin and bleaching locks. Thousands of men and women in civilized society, much younger than the old Sagamore, are like him, "withered at the top," simply because they have neglected to use the means of preserving and beautifying the hair which science has placed at their disposal. If LYON'S KATHAIRON be faithfully applied once or twice a day, to the fibers and the scalp, it is just as impossible that the hair should decay, wither, fall out or become harsh and fuzzy, as that a meadow, duly refreshed with nightly dews and undisturbed rains, should become arid and barren of green blades. This matchless preparation not only keeps the hair alive and the skin of the head in a healthy and clean condition, but actually multiplies the filaments and imparts to them a lustre, flexibility and wavy beauty unattainable by any other mode of treatment. It does not, like the metallic and sulphurous hair dyes, dry up the natural moisture of the scalp, but supplies nutriment to the roots of the hair and vigor to the fibers.

DR. SAGE'S CATARRH REMEDY.—$500 reward for an incurable case. Sold by druggists, or by mail, 50 cents. Address R. V. Pierce, M. D., Buffalo, N. Y.

A GLORIOUS RECORD.—Twelve years ago a few modest lines in a New York Journal invited public attention to a new Vegetable Restorative, and solicited a trial of its merits as a remedy for indigestion, biliousness, fever and ague, debility, nervous disorders, rheumatism, and all complaints requiring invigorating and regulating treatment. In this quiet, unpretentious way, PLANTATION BITTERS was introduced to the world. It was a success from the beginning. All that was claimed for it as a tonic, a corrective and antidote to malarious fever, was found to be strictly true. Within five years the annual sales of this article amounted to over One Million of Bottles. A few years more and the demand had swelled to five millions. The annual consumption of the bitters has now reached the almost incredible aggregate of six millions of bottles, and for every bottle sold a copy of the "Illustrated Medical Annual," published by the proprietors, at a cost of $150,000, is given away.

DR. TUTT'S SARSAPARILLA & QUEEN'S DELIGHT.—No remedy possesses so many valuable Medicinal Properties as this combination of Roots, Herbs and Barks. The Queen's Delight is acknowledged by physicians to be the most powerful Remedy known for Impure Blood, Liver Complaints, Nervousness, Female Complaints, Constipation, Rheumatism, Diseases of the Kidneys, Syphilitic Affections, Skin Diseases, Chronic Complaints, &c. But in this preparation it is combined with other vegetable products, which render its virtues doubly valuable. Most diseases have their origin in the blood, and as a Blood Purifier the Sarsaparilla and Queen's Delight has no equal. It requires but a trial to convince the most sceptical.

For Female Complaints, whether in young or old, married or single, at the dawn of womanhood or the turn of life, Dr. Tutt's Liver Pills are an acknowledged remedy.

Dr. Tutt's Hair Dye is the Best in the World

☞ KOSKOO.—This celebrated Medicine has attained a high reputation, as a reliable remedy for Purifying the Blood, Restoring the Liver and Kidneys to a healthy action, and "Toning up" the Nervous System. Its numerous and remarkable cures of the worst forms of Scrofula, Dyspepsia, Rheumatism, Liver complaint, Kidney Disease, Eruptions of the Skin, Nervous Prostration, &c., has caused it to become a standard remedy. It is now prescribed by physicians, and recommended by our best citizens.

RISLEY'S BUCHU is a reliable Diuretic and Tonic for all derangements of the urinary and genital organs. The genuine, as formerly sold by Haviland, Harral & Risley, and their branches, is now prepared by H. W. Risley, the originator and Proprietor; and the trade supplied by his successors, Morgan & Risley, New York.

SYAPNIA, or opium purified, the most perfect anodyne in the market, made by process of Dr. I. M. Bigelow, Detroit Medical College. Is always uniform in strength, which is rarely the case in other preparations of Opium.

THE SECRET OF BEAUTY.—What is it? no longer asked, for the world of fashion and all the ladies know that it is produced by using a delightful and harmless toilet preparation known as G. W. Laird's "Bloom of Youth." Its beautifying effects are truly wonderful. Depot, 5 Gold Street, New York.

CARBOLIC SALVE, recommended by Physicians, as the great Healing Compound. Price 25 cents per box. John F Henry, sole Proprietor, 8 College Place, New York.

PRATT'S ASTRAL OIL, has a world-wide reputation as the surest and best illuminating oil. Over two million gallons have been sold for the past two years, from which no accidents of any description have occurred. Send for circular. Oil House of Charles Pratt, established 1770, New York.

WE HAVE FREQUENTLY HEARD mothers say they would not be without Mrs. Winslow's Soothing Syrup, from the birth of the child until it has finished with the teething siege, under any consideration whatever.

THE GALES OF ARABY are not spicier than the aroma which the fragrant Sozodont imparts to the breath. Nor is the heart of the ivory nut whiter than the teeth that are cleaned daily with that matchless fluid.

GRANT IN 1865 AND GRANT IN 1872.

The Radical papers are attempting to make capital out of the terms of surrender made between Generals Grant and Lee at Appomattox Court House, when the Confederate banner was furled forever, amid the tears of its brave defenders.

Admitting that the terms were magnanimous; is the magnanimity of a soldier any evidence of his fitness for the Presidency?

Grant, as a magnanimous General, has been metamorphosed into Grant, the Radical President.

In 1865, Grant was a Democrat. He has never given but one vote, as he now says, for President, and that was for James Buchanan, the Democratic nominee. In 1865, Grant gave to the Southern army honorable terms of surrender.

In the winter of 1865, he visited the Southern States at the request of President Johnston, to investigate their condition and report upon their *animus* towards the Federal Government. He returned and submitted a detailed statement, setting forth his observations and experience, in which he gave a most favorable account of our people, of their kind feelings towards the Government and of the good faith of their allegiance and obligations as citizens. President Johnston sent this report of Grant's to Congress, and it will be remembered how it was denounced as "a white-washing report" by certain Radical Senators—Mr. Sumner among them.

General Grant in 1865 was favor of a conciliatory and magnanimous course towards the South. But a great change came over the spirit of his dream. He was soon afterwards taken up by the Republican party, and nominated and elected as their candidate for the Presidency of the United States.

As soon as he became a Republican President, he forgot his magnanimity. He fell under the control of the most rabid Radicals, and became a mere tool in their hands. Under the influence of Morton, Conkling, Boutwell & Co., he began to out Herod Herod in his Radicalism, and to resort to the most cruel and revengeful measures to oppress and trample down a people whom he had, a few months before, declared to be loyal and true to the Government.

It is said that President Grant is not to blame for the hostile legislation of Congress—that it is his duty, as the Executive, to enforce the law, and that he has no discretion in the matter. But the truth is, Grant himself, or his advisers, originated and urged the passage of the law suspending the writ of *Habeas Corpus*. He urged it in his messages to Congress, and after that body had refused to grant him the power asked for, he persisted in his demands, and by his personal influence and that of his cabinet succeeded, under the party lash, of driving enough Republicans into the support of the act to secure its passage. There was a very respectable minority, however, of his own party that vehemently protested against the harsh, unjust and unconstitutional *Force Bill*, with whose provisions the country is so familiar. All know what strenuous efforts were made by the President to effect the passage of this bill—how he lobbied it through the Senate, and when it hung fire in the House what tremendous influences were brought to bear upon the timid, hesitating Republican members, who were finally lashed into its support.

And yet the Radical press would insult the intelligence of the country by crying out that President Grant is not responsible for the law—but that he is bound to do his duty in seeing it executed!

The law was passed at the President's request. An obsequious partizan Congress, under the dictation of a Radical President, bowed to Grant's imperial order and truckled to his despotic will.

Grant not to blame for, the passage of the law! It was his pet measure, and present and future generations will hold him responsible equally with Congress for this assault upon the Constitutional rights of the citizen.

Grant in 1872 is a mere figure-head for time-serving politicians and office holders. He has no opinions or principles that he can call his own. He oppresses the South at the dictation of Morton, and Conkling and Cameron and other Radical leaders who thrive by keeping alive the passions and animosities of the war.

Grant in 1872 is the candidate of a party that is the embodiment of hatred and hostility to the South.

His magnanimity in 1865 deserted him when he fell under the baleful shadow of Radical influence. When he yielded to the entreaties of the Republicans, and became their President, he lost sight of the condition of the country—he became oblivious of the good faith and good order of the subjugated South—he became the political enemy of a people to whose loyalty he had borne witness, and turning a deaf ear to their mute but eloquent appeals for relief and beneficent legislation, joined the ranks of their oppressors and slanderers, and quartered among them armed battalions to keep them in subjection and vassalage!

If Grant was magnanimous to the South in 1865, the course he has pursued since he has been in the Presidential chair, has blotted out his every act of mercy and canceled every feeling of gratitude in the hearts of our people. Under the influence of evil doers, he has wielded the Executive power of the nation with all the tyranny of a despot, and all the vindictiveness of political hatred.

Grant in 1865 and Grant in 1872 are two entirely different individuals—the one was a victorious General, offering terms, like a brave and chivalrous commander, to a fallen foe—the other is a Radical candidate for President, whose Administration for the past four years has been a crime against the South and a stigma upon pure and honest government.

CURTIN.

The effect of Curtin's letter and speeches is very perceptible on the Pennsylvania situation.

Several Republicans from different portions of the States have recently avowed themselves against Hartranft, and the election of Buckalew is being generally conceded by the Radicals.

Fraud is the only thing that can defeat the Democrats in October.

But our friends are very vigilant, and every point will be guarded.

THE FIRST GUN IN OCTOBER—GEORGIA SPEAKS!

Georgia has spoken, and her voice sends an electric thrill to the hearts of patriots all over the Union.

The Empire State of the South, in a tone of indignant rebuke, has repudiated the thieves and swindlers that had been preying upon her vitals.

Georgia takes her stand in the column of Reform and honest Government—of PEACE AND RECONCILIATION.

Bullock, her fugitive Governor, as he crouches in his exiled abode furnished in magnificent splendor, with money stolen from the Treasury of his State, may well cower in fear and trembling as he hears his doom in the shouts of rejoicing over the Democratic victory last Wednesday.

Grant may well turn pale as he reads the tidings of the great ground swell, which has swept Radicalism out of existence in Georgia, with scarcely a mourner left to weep over the destruction.

The Straight Out Democrats, who vainly imagined the influence of Alexander H. Stephens and Robert Toombs would paralyze the arms and baffle the efforts of the Liberal party, may well start back in surprise, as they behold the vast wave of public sentiment—which has swelled with a mighty torrent and has overwhelmed in its march every barrier that attempted to stay its onward course.

The election of Smith, the Democratic nominee for Governor, by thirty thousand majority on the 3rd instant, is the first gun in the October elections. On next Tuesday, Pennsylvania and Indiana will re echo the victory, amid bonfires and illuminations—presaging the grand final triumph in November, when the corruptionist will be routed and discomfited, and the Grant dynasty dethroned forever.

All hail, Georgia! The glorious tidings that have been flashed over the wires of the overwhelming triumph won on your soil on the 3rd day of October, will nerve the hearts of the friends of Constitutional liberty in every State, and animate their souls with the courage born of success.

The great political tidal wave of reform has at last set in. Let it continue to rise and expand until November, and then sweep from the face of the country every vestige of Radical corruption, misrule and despotism.

NORTH CAROLINIANS, AROUSE!

The good news from Georgia should arouse our friends in this State from their lethargy, and put them in harness.

Georgia has declared by thirty thousand majority against Radicalism.

Let the Conservatives and Liberal Republicans take heart from this great victory, and prepare for the November election.

Will North Carolina be a laggard in the great Presidential contest?

Our prospects in Pennsylvania, Indiana and Ohio are splendid.

The Liberal cause in those States is gaining strength every day. We believe it is already strong enough to insure us the election next Tuesday.

Let all be prepared to join in the anticipated victories. Let us be in line, ready to move forward with the grand army of reform, to a still grander and nobler triumph on the fifth day of November.

Arouse, North Carolinians, and be ready for the fray.

AN OUTRAGE.

The acquittal of Mrs. Laura Fair of the murder of Crittenden, is universally condemned by our exchanges, as far as we have seen.

That she is clearly guilty of murder, no one who has read the testimony can doubt. The proof was direct, positive and overwhelming.

The ignorance of the jury is the alleged cause of the acquittal.

It is a sad commentary upon human justice, when law is so completely trampled down as it was in this case.

Inspiring News.

As the last week of the canvass for the October elections approaches, the confidence of our friends rises higher and higher. Of Pennsylvania we speak elsewhere. Ohio and Indiana send only the most inspiring news. Morton's sole hope in Indiana is in colonization of negroes from Kentucky, and our friends declare that not even that can cheat them of victory. Ohio is ablaze. Hamilton county, which the office holders had reckoned secure, promises to go against them by five thousand majority. The Germans are almost unanimous, and the insulting imputations which have been put upon Hassaurek lend rage to their purpose. In Cleveland—three weeks ago despaired of—the prospects of the Liberal candidate for Congress is now confessedly the brighter. The thorough Liberal Republican canvass shows the most assuring results throughout the State, and the Democratic vote is absolutely solid. Friends in Pennsylvania! trust the States to the westward!—*New York Tribune.*

One of the reasons assigned by *Harper's Weekly* and kindred Radical journals for Governor of New York is that he is a Catholic. This is no doubt done to make the Radical platform in that State harmonize with the Know Nothing record of Henry Wilson, the Grant candidate for the Vice-Presidency.

The Grant organs are unanimously astounded that the Liberals will allow Mr. Greeley to endanger what little chance he has by continuing to make such "ruinous speeches." Such solicitude is truly touching.

Mr. T. H. Kellogg, an esteemed citizen of Richmond, of the firm of Kellogg & Gibson, died at his residence on Monday night.

CAMPAIGN NOTES.

Northern Alabama is alive with a glowing Liberal sentiment and needs only organization.

The Indiana Radical State Committee are distributing "Straightout" tickets for the October election.

The Riberal Republicans of New York have got on the track of eighty negroes who have left that city for a voting tour in Pennsylvania. A good many patriotic darkies will come to grief after the October elections.

The New York *Herald* hints that the denial by Speaker Colfax of his participation in the Credit Mobilier fraud is equivocal, and calls upon him to state whether he did not in some shape or way profit by those dishonorable transactions.

The more or less explicit denials which are being slowly made by the Congressmen concerned, make it every day plainer that nobody in particular got the large amount of stocks and dividends which slipped through Oakes Ames' hands at the Capital.

A report from Waterton, N. Y., says the meeting on Friday was the largest ever held in that county. A day procession a mile and a half long, with a Chappaqua farm-house bearing the motto, "This house was not stolen or given to me," preceeded the meeting.

The sworn statement of Col. McComb charging Senator Wilson, Speaker Blaine and other Radical Congressmen, with having been bribed by profits accruing from Credit Mobelier stock, is on file in the Supreme Court of Pennsylvania for the Eastern District, and is still unrefuted.

One ward in Richmond, Va., is said to have a colored Greeley club numbering 483 members. Why don't Fred. Douglass go down there and convince his misguided countrymen that if Greeley is elected they will be sold into slavery? A lie which passes current in New York ought to pay a liberal dividend in Virginia.

The Cincinnati *Commercial* says: A public hall was bespoken in Newport, Ky., recently by a colored man for a particula evening, for the purpose of a ball. On yesterday he notified the owner of the hall that the ball would not come off, as so many of the colored men had removed to Indiana within a few days.

A Republican newspaper of the West asserts that Chief Justice Chase would have received the support of Horace Greeley and of the New York *Tribune* in 1868, had he received the Democratic nomination for President. This only offers another proof of the wisdom and political sagacity of Horace Greeley.

The Cincinati *Enquirer* says: "One of the measures by which the desperate and corrupt Administration hope to carry the October election was developed upon our streets yesterday. At different times squads of negroes in plantation clothes were landed in the lower part of the city and marched up Fifth street. In one gang 200, in another 110, and in another 60 of these imported 'voters' were counted."

The Pennsylvanians are much exercised by the wholesale importations of negro voters to overide the true voice of the people of that State. The Harrisburg *Patriot* says: "This servitude is more shameful and vile than that once experienced by the negroes when sent in chain gangs from Virginia to work in the sugar fields of Loisiana. They were then employed in honest and productive toil. By their new masters they are made the base instruments of frauds."

The desperate ferocity with which the Grant papers have lately opened on Mr. Greeley personally is one good sign of the times, but a still better one is the colonization of negro voters in the contested States, carried on in such a wholesale way as to forbid concealment. The papers of Kentucky, Maryland, and New York city daily announce the departure of large troops of these contraband recruits shows that the Grant managers are not without glimpses of the great truth that they are a badly-beaten party.

STATE MATTERS.

LAW SUITS before Magistrate's Courts, excite the Hickory Tavernites.

REVIVALS and protracted Religious meetings are becoming general over the State.

MRS. SUE MOREHEAD, widow of the late Col. Henry Morehead, died on Saturday last at Greensboro.

GREENSBORO is to have a Town Hall. Dr. Benbow, the most enterprising man of the town, is the projector.

LISLEVILLE is now connected with Wilmington and the outside world by telegraphic communication.

WHIT PATTERSON, of Wentworth, is the inventor of a bridle bit, which is said to be a good thing in its way.

Andrew Strong put in an appearance on the Wilmington, Charlotte and Rutherford Railroad, Wednesday last.

ELM-WOOD LODGE, F. & A. M., of Greensboro, has made arrangements for building a lodge room, which when completed, will be the finest in the State.

CAPT. D. L. FILLYAW fills the vacancy occasioned by the resignation of Capt. Leggett, conductor on the Wilmington and Weldon Railroad.

THE poplution of the town of Halifax was 450, that of Weldon 208, by the census of 1870. No other towns in the county of Halifax were enumerated.

THE *Roanoke News* renews the assertion that efforts are being made to form a new county out of portions of Martin and Halifax, with Palmyra spoken of as the county seat.

AN attempt was made to break jail in Wilmington by one J. W. Sullivan, who is confined therein awaiting trial, upon the charge of larceny. He was discovered in time by the Jailor, and placed in irons.

"OLD NANCY SMITH," living near Old Fort McDowell county, died Sept. 26th, at the age of 115 years. The Hickory Tavern *Eagle* says she was one of the ancient landmarks of Western Carolina.

THE following comprise the total shipments of naval stores from the port of Wilmington, during the month of September: 3,096 bales cotton; 12,505 casks spirits turpentine; 400 cans do.; 47,123 barrels rosin; 1,356 barrels crude turpentine; 2,160 barrels tar; 385 barrels pitch. The most of the spirits was shipped to foreign ports, while the most of the rosin found lodgment in American ports.

THE Atlanta (Ga.) papers give full accounts of the recent sudden death of Col. James A. Turner, a prominent and esteemed citizen of that place, who dropped dead while setting in the court house, from appoplexy, it is supposed. Col. Turner was a native of Cumberland county, in this State, and was a son of the Rev. Wm. Turner, who was for many years pastor of the Presbyterian church at Fayettevill, and Col. James A. Turner was well known in that section.

THE following letter, written from Halifax county to the N. Y. *South*, by gentlemen thoroughly acquainted with the subject upon which the are dealing, will be found of interest to the many who are engaging in the culture of the grape:

RINGWOOD, HALIFAX Co.,
September 2, 1872.

Editor of the South:—We desire to call the attention of your numerous readers to a branch of industry in the Southern States, which deserves more consideration than has been given to it. We allude to the cultivation of the grape and the production of wine. We are satisfied that if some of the parties engaged in this business in the Northern and Western States would thoroughly examine the facts, divest their minds of the idea that nothing good can come out of the Southern States, and frankly compare actual results in the two sections, they would see the propriety of changing their place of business at an early day. We think it will be admitted as a general truth that all the varieties of grape which will grow in the North and West will grow as well in the South, and a great many of the varieties will grow better. But some of the varieties which grow South will not grow North at all. We mention the Scuppernong Grape, which will not do well even in Virginia, nor any where else so well as in that portion of North Carolina extending from the coast to a line passing somewhat east of Raleigh. We know the mention of this grape will cause a smile of contempt on the part of grape growers North and West, but this results mainly from their ignorance of the grape. When such authorities as Mr. Fuller, in the New York Farmers' Club, speak of the Scuppernong as belonging to the Fox variety, we are not surprised at the prejudice against this grape. But of this we shall have more to say in a future article. We claim that North Carolina and we only mention this as one of many Southern States hrving equal claims has advantages in this particular branch of industry over any Northern or Western Stats, in the almost universal adaptability of its soil to grape culture. In New York, for instance, a locality has to be selected with a view, not only to the character of the soil, but also to having a certain exposure to the sun and other sources of warmth, such as proximity to a body of water which is shut in on all sides by hills, and other capacities for protection from the early and the late frosts and the severe cold of the winters of that State. Here there is no such necessity. No early or late frosts endanger the tender buds of early Spring or the not fully ripened fruits of Autum. No winters here are cold enongh to endanger the life of the vines, nor is the protection of any mountain or the warming influence of any body of water needed here to start the early sap. No vines have been winter-killed in this State since the extreme cold of 1857, and then only a few.

North Carolina has an advastage over New York in the much greater cheapness of the land. We have known as much as four hundred dollars per acre paid in New York for land suitable for vineyards. North Carolina has thousand of acres equally as well adapted to grapes, which can be bought for ten dollars per acre, with buildings upon the land. Not only is the land itself cheaper here, but everything required to grow grapes, except wire, is cheaper here. The rails to enclose it, the oak or cedar posts on which to put the wire and the labor with which to start a vineyard are all much cheaper here. No objection can be made to this locality as a pleasant and healthy place to live at. The winters are not so cold nor are the summers so hot as in New York. Our thermometers in summer stand much oftener at 80 deg. than at 90 deg. The eastern portion of the State is malarious, but a very large portion of the State is almost entirely exempt from miasmatic influence.

Proposing to continue this subject in another article, we are, respectfully yours.

C. W. GARRETT & Co.

President Grant's Speeches—Intellectual Efforts of the Candidate Pitted against Orator Greeley.

As we have recently given so much space to Mr. Greeley's speeches it is but fair that we should print those of his opponent also. They do not occupy much room it is true, but they are long enough to show that the President *can* make a speech if he tries:

PRESIDENT GRANT'S SPEECH TO THE PEOPLE OF ALLEGHENY CITY.

Delivered October, 1871, *in response to an address by the Mayor.*

It affords me great pleasure to witness the honors conferred on me in this reception. I hope that I shall ever, in the administration of the affairs of the Government, receive the approval of the people of the United States, irrespective of party, which shall ever be my effort. I thank you for this reception.

PRESIDENT GRANT'S GREAT SPEECH ON THE OPENING OF THE EUROPEAN AND NORTH AMERICAN RAILWAY, IN FULL.

Delivered in Bangor, Me., Oct. 18. 1871

LADIES AND GENTLEMEN:—I congratulate you and the people of the State of Maine, and the people of the nation at large, upon the occasion which has brought all of us here. It is a matter in which you are particularly interested; and the nation at large, I believe, is almost equally interested with you. I hope that the railroad may prove to you and to us, all that is expected of it, improving and building up a friendly feeling between us *and the people of the same language with ourselves, who, I think, are equally interested in the preservation of the most cordial friendship.*

PRESIDENT GRANT'S SPEECH TO THE CITIZENS OF PORTLAND, ME.

Delivered October 20, 1871.

I have a vivid recollection of visiting your city six years ago. This is the second time I have been in your city, and am much pleased with the reception here as well as at other places I have visited in your State. *If I do not come oftener than I have heretofore I shall not make more visits here before I shall be quite an old man.*

PRESIDENT GRANT'S SPEECH AT THE NEWARK EXPOSITION.

Delivered September, 19. 1872.

GENTLEMEN: I am happy to be here to-night to witness the display of Newark's manufactures. Your far-famed city has done well; *her manufactures have an influence opposed to importation of foreign manufactures.*

PRESIDENT GRANT'S GREAT SPEECH AT NEWARK.

Delivered at Governor Ward's residence in response to a serenade September 19, 1872. *Heretofore imperfectly given—now reported in full.*

LADIES AND GENTLEMEN: I could not but feel grateful for the reception I have received at the hands of the citizens of Newark and New Jersey to-day. I had the pleasure of visiting the State Fair near Elizabeth, where I saw little else but people. I was at your Exposition to night, and again saw people, but saw little of what they had there to see. *I hope to see to morrow what I went to-night to see.*

PRESIDENT GRANT TO THE LOYAL PEOPLE OF PHILADELPHIA.

Delivered in response to a serenade at Philaddphia, September 25, 1872.

GEENTLEMEN AND MERCHANTS OF PHILADELPHIA: You have heard much better speeches to-night than I could make, if I were inclined. I am very glad to see you, and am pleased to hear such fine speeches, and how you have been engaged to-night.

Effect of Governor Curtin's Letter in Pennsylvania.

The Philadelphia *Press* publishes a number of letters from different parts of the State, showing that the letter of Governor Curtin has fallen like a hot shot among the Radicals. A correspondent at Easton says:

Curtin's letter has electrified the Lehigh Valley. Every hesitating Republican who desired the overthrow of Cameronism and the consequent purification of State finance, but who was slow of action in the Reform movement now gives tongue boldly against Hartranft in East Catasauqua, Allentown and Bethlehem. The Ring manipulators read in the ringing sentences of the great war Governor, the death warrant of legislative and departmental fraud and corruption. Honest Republicans here are everywhere throwing Hartranft and Allen overboard, and organizing to save the party from the disgrace of such forced nominations. Bets are freely offered at double odds against the Ring ticket by active Republicans, with, so far, no takers. Five hundred to three on Buckalew's election was offered by a hedging Hartranft man all day in Mauch Chunc without acceptance.

Another says:

Dowlestown has been this entire day the scene of the most unexampled and tumultuous political demonstration ever seen in Eastern Pennsylvania, scarcely excepting your own city. Curtin's pronounced position in favor of honesty and reform, against Ring rule and corruption, has decided the status of every waverer in Bucks county. The expressions against the Ring to-day are universal, and Hartranft's supporters cannot muster in sufficient force for mutual sympathy.

Newspaper correspondence continues in London in relation to the abuses practiced upon steerage passengers, several of the communications bearing testimony to the statements of bad treatment. The agents of a number of the steamship lines publish cards denying that steerage passengers by their vessels are not properly taken care of.—A passenger in the steerage of an ocean steamship to New York gives a detailed account of the horrors of overcrowding, bad food, and outrages suffered on a recent voyage.

SPECIAL FEATURES AND ADVANTAGES.

1st. No restriction on Residence or Travel.

2d. No extra charge on lives of Females.

3d. Policies incontestable after Five Years

4th. The rates of Interest on the Funds of the Company are higher than those on the Funds of Companies located in other States, thus insuring larger Dividends to Policy Holders.

5th. The Directors and Officers of the Company are prominent NORTH CAROLINIANS, who are KNOWN to be men of INTEGRITY and WORTH.

6th. The Company is established on a solid and permanent basis, steps having been taken to increase the Capital Stock to $500,000.

7th. ALL THE FUNDS OF THE COMPANY ARE INVESTED IN THIS STATE AND CIRCULATED AMONG OUR OWN PEOPLE. This fact should commend the Company, above all others, to North Carolinians. It is well known that hundreds of thousands of Dollars in Life Premeums are annually sent North to enrich Northern Capitalists, thus continually draining our people of immense amounts which should be kept at home. On this ground the friends of this Company confidently appeal to every son of the Old North State, and ask their support for this HOME INSTITUTION, which, while it offers substantially all the advantages of Northern Companies, helps to build up HOME INTERESTS.

"IDLE WILD"

FOR SALE

—AT—

AUCTION!

That Splendid property, on Newbern avenue, in the city of Raleigh, known as

"IDLEWILD,"

(The former residence of the late John Cotton), is offered for sale.

The dwelling is the largest and most perfect private residence in the city, containing fifteen rooms, as follows: One 32x22; five 22x22; seven 20x20; two 15x12, and two large halls; a passage way 48 feet by 10. The house is two stories, with dressed rock basement, upper and lower porches with large columns on each side. All the necessary out-houses, stables, carriage house, &c., &c., are on the premises.

The lot contains about three acres including a large garden with the most magnificent oak grove surrounding the residence to be found in the State; a most beautiful and sloping lawn of ample depth and width fronts the dwelling. This property is the most desirable in the city—situated on an elevation of some fifty feet above the Capitol; the healthiest and most attractive and growing part of the city; the grounds, fences, residence and out-buildings are in the most perfect order—not one dollar is required to be spent on same.

The above valuable property will be offered for sale at the Court House door in Raleigh, on Wednesday, October 16th, at 12 o'clock. Terms easy.

N. B.—This property has been highly recommended for a Boys' Civil or Military School; an institution of both kinds sadly needed at this point.

VALUABLE LAND FOR SALE

IN THE

COUNTY OF WARREN.

I offer for sale, five hundred and two (502) acres of land, situated in the county of Warren, on Shocco Creek, adjoining the Sulphur Springs. Tract of Col. J. M. T. on both sides of the Turnpike Road, leading from the Sulphur Springs to the flourishing Town of Ridgeway, on the Raleigh & Gaston Railroad, and nine miles from the latter place. There is an Overseer's house, three cabins, corn-crib and stables on the premises. About one-fourth (¼) of the tract is in original growth of oak, hickory, &c., one-fifth in second growth pines. The soil is sandy, loam and chocolate—surface undulating—well watered, and about 80 acres of rich bottom land. It yields excellent crops of corn, tobacco, wheat, oats, clover, &c. This is one of the best tracts of land in this section, and will be sold on reasonable terms.

Dr. George Fields, who resides near the land, will take pleasure in showing it to persons wishing to examine it, and is authorized to negotiate for its sale.

FRIDAY.....OCTOBER 4, 1872.

THE PILGRIM'S REVERY.

The waning moon shines pale and still;
The winds in russet branches die;
Day faints upon the darkening hill,
And melts into the days gone by.

The vanished days! now dim and far,
Yet none so dead they cannot wake
And stir in me, as yon high star
Quivers, deep visioned, in the lake.

They glimmer down the moon's long beam,
They rustle in the russet tree;
They fade in twilight's melting dream,
And slide in starlight down to me.

I feel the hush of brooding wings,
The warmth of tender joys far flown,
And little flights and flutterings
Of blessings that were once my own.

But O most sweet, and O most sad,
Of all these lost delights that thrill!—
The blessings that I almost had,
But life can never more fulfill.

And yet 'tis strange, but these are more
My own, to-night, than all beside,—
Glad stars upon a distant shore,
That draw my sails across the tide.

Fade, golden evenings, fade and sink!
Burn, crimson, leaves, burn out and fall!
For life is greater than we think,
And death the surest life of all.

UNION SHUTTLE SEWING MACHINE.

AGENTS WANTED

In every county in North and South Carolina. Unparralleled inducements offered to Agents, larger commissions being paid than is done by any other Company.

This Machine is particularly adapted to those persons who are unable to purchase one of higher priced Machines, the prices ranging from $25 to $55. The UNION SHUTTLE is the only low-priced Lock-Stitch Machine that has any claim of merit in it. It stands without a rival for its durability, strength and firmness of finish, making, at a low price, a Sewing Machine equal to the highest priced ones, and, in some respects, superior to them all.
